

Fields of Greens®

With today's busy lifestyles and the convenience of fast food, we all too often neglect eating nutritionally rich, fresh foods. Forever Living Products provides a simple solution to "convenience eating" in Fields of Greens. One glance at its ingredient list reveals a cornucopia of nutritional elements, especially formulated to combat these nutrient deficiencies.

Get the vitamins, minerals, protein, amino acids, enzymes, antioxidants, and chlorophyll you missed. Fields of Greens combines **young barley grass** (containing potassium, calcium, magnesium, iron, sodium, copper, phosphorus, zinc and manganese), **wheat grass** (containing vitamins, minerals and trace elements), **alfalfa** (rich in minerals, vitamins A, B6, E and K), and added **cayenne pepper** (to help maintain healthy circulation and digestion). We have also added honey – a great source of vitamins, minerals and amino acids, used to promote energy and maintain the body's health.
