

Forever Epiblanc™

Most of us dream of having smooth, clear skin. However, our busy lifestyle and exposure to the elements often result in spots and blemishes.

Forever Epiblanc's exclusive formula is specifically designed to brighten the complexion and even skin tone while helping to diminish the appearance of dark spots. Our 100% stabilized Aloe Vera is an excellent base for the natural botanical extracts such as Arbutin (Bearberry), Rumex Occidentalis and Natural Vitamin E, resulting in this excellent product.

Forever Epiblanc is most effective when applied directly to blemishes or dark spots on the skin. Use of Forever Living's Aloe Sunscreen, in combination with Forever Epiblanc, is recommended during the daytime.
