

Aloe Vera Gelly

Historically, a major use of Aloe Vera was to soothe minor skin irritations. Many households kept a live aloe, or 'burn plant' for first-aid use. Essentially identical to the Aloe Vera's inner leaf, our 100% stabilized Aloe Vera gel lubricates sensitive tissue safely. Specially prepared for topical application to moisturize, soothe and condition, Aloe Vera Gelly is a thick, translucent gel containing humectants and moisturizers. Readily absorbed by the skin, it soothes without staining clothes.

Aloe Vera Gelly provides temporary relief from minor skin irritations. It can also be used on the skin prior to ultrasonic treatment, or after electrolysis. Hairdressers use the Gelly around the hair line before perming and coloring.

From your bathroom cabinet to the first-aid kit, and from the kitchen to the campsite – Aloe Vera Gelly is an ideal companion for skin that needs a little extra care.

INGREDIENTS

Aloe Barbadensis Gel (Stabilized Aloe Vera Gel), Water, Glycerin, Triethanolamine, Carbomer, Tocopherol (Vitamin E Natural), Allantoin, Ascorbic Acid, Diazolidinyl Urea, Disodium EDTA, Methylparaben.
